

MRS. COREY GETS DECREE AND BOY

Wife of President of United States Steel Corporation Secures Divorce.

DRAMATIC SCENE IN COURT

Sister of Defendant Took Side of Wife and Denounced New York Men.

(By Associated Press.)
RENO, NEV., July 30.—A decree of divorce was awarded at 2 o'clock this afternoon in the Second District Court of Nevada to William Ellis Corey, president of the United States Steel Corporation. The case was submitted without argument, and the jury took but one ballot. The jury was out a few minutes. Mr. Corey was not present.

Mrs. Corey was in tears when told that she had obtained a decree and the custody of her sixteen-year-old son, Allan Corey. She drove at once to her home on Riverside Avenue, where she will continue to reside. No evidence was submitted by the defense and there was no argument.

The question of alimony was not introduced. Mrs. Corey made an interesting admission, however, stating that in May, 1906, several weeks before her petition for divorce was filed, she negotiated through her attorneys a financial settlement with her husband. She was not asked what the nature of this settlement was.

Story of Mrs. Corey.

"I am a resident of Reno, Nevada," said Mrs. Corey, when placed on the stand. "and the wife of William Ellis Corey, the defendant in this action. We were married on December 1, 1883, at Pittsburg, Pa., and lived together until May 1, 1905. At that time my husband deserted me, and went to New York. I followed him, and had a conversation with him at the Hotel Lorraine. He told me he had decided to live apart. He said that it was impossible for us to live happily together, and that I would never see him again. He stated that he intended going to Europe for several months. There was no scene. I talked with him about the matter, and urged him to again resume his place in our home, but he refused. I have never seen him since."

Mrs. Corey stated that she was kept in the custody of her son, and asked the court to place him in her care. Mrs. Corey was visibly affected while telling her story.

"It is true that newspaper notoriety was the principal factor in your separation from Mr. Corey, and is responsible for this divorce proceeding," asked Benjamin Currier, another of her attorneys. "Such is not the case. The stories that may have appeared in the press had nothing to do with it," said Mrs. Corey. Miss Addie Corey, sister of the respondent, corroborated Mrs. Corey's statement that Corey had deserted his wife, and told how she and her aged mother had made several ineffectual attempts to effect a reconciliation. Her brother, she said, had lost sight of his home, being absorbed in business and infatuated with the fast life of New York.

"Do you consider Mr. Corey a proper custodian for his son?" she was asked.

"After New York men," she replied. "He is not a proper person for his son to associate with. He has no home and his associates are not fit companions for a young man of Allan's age. I do not think any New York man is fit to have charge of a boy of his age."

"Do you mean all New York men, Miss Corey?" continued the attorney.

Allan Corey stated that at the time of the parting his father called him to his office and told him that he had decided to part from his mother.

"He said I was too young to understand the reasons," continued the boy. "He then said that my mother was a good woman, and that my place was at her side."

Attorney Surdis Summerfield, of Reno, stated that his client, William E. Corey,

was as anxious for the decree of divorce as his wife.

"The decree is granted," he said. "Mr. Corey will be entirely satisfied. He has consented to this divorce."

WANT LIGHTS AND DEFINITE TERMS

Citizens of Chestnut Hill Not Willing to Grant Electric Franchise Without Conditions.

STAND BY COMMISSIONERS

Residents of the Pretty Suburb in Thorough Accord With Their Representatives.

The citizens of Chestnut Hill and Highland Park want electric lights in these pretty suburbs for both public and private uses, but they are in thorough accord with the commissioners, who refuse to grant the Passenger and Power Company a franchise unless it contains specific provisions and limitations.

This was clearly demonstrated at the large and representative citizens' meeting held last night at Northside Hall. Nearly all of the residents and property owners were present and deep interest was manifested. The interesting fact was brought out that some forty or fifty owners of pretty homes have had their houses wired for electric lights, expecting the service to be installed, but these owners are standing by the commissioners in demanding a franchise that will not leave the place and the people at the mercy of the Passenger and Power Company in the matter of lights, their character and cost.

Mr. McClure was made chairman of the meeting. It was reported that application, or at least overtures had been made to the commissioners for a franchise, but that it was very general in its nature, with no limit as to prices to be charged, no stipulation as to how long the franchise shall run and no regulation as to the location of the poles and wires. The commissioners were opposed to granting or even considering such a franchise, but thought it best to lay the matter before the citizens and request an expression of their views.

This expression, given after an hour or two of discussion, was emphatic and earnest. It was to the effect that the citizens fully endorsed the position of the commissioners, and were entirely satisfied to leave the matter in their hands.

The commissioners are Messrs. J. M. Pourqurean, C. W. Wingfield, C. W. Vaughan, W. H. Dunn and A. F. Mosby. All of these were present last night except Mr. Mosby. Others in attendance included Messrs. W. W. Foster, Charles St. Cross, M. Starke, John S. Lear, Joseph Fourqurean, Jr., Robert Wortham, John Devine, F. E. Rennie and Mr. Wilder.

Emperor Orders Searching Investigation Into Case of Major Fischer.

(By Associated Press.)
BERLIN, July 31.—Emperor William has ordered a searching investigation into the case of Major Fischer, who was attached to the Emperor's staff in German-Southwest Africa, and who has been arrested on the charge of receiving bribes from firms selling war supplies.

It appears from details published to-day that Major Fischer had been receiving money for years from the firm which has the monopoly in supplying the colonial forces in German-Southwest Africa. This money was given nominally as loans, and according to the press reports the total of the sums passed finally reached \$25,000.

Major Fischer's salary was \$2,000 a year. There was no prospect whatever of his ever returning to Germany.

Information of the foregoing state of affairs was given to the authorities by the wife of the head of the firm in question, who is separated from her husband. According to the press reports, the firm charged the government high prices in order to get back the money given to Fischer.
